

# Software Development Agreement

This Software Development Agreement is made on 02/05/18 between Michael Reese and the programming team Pentagummies which consists of students:

Alexandru Andrei, Adam Ebel, Tudor Ghenea, Marouen Helali, Jinting Liu.

## 1. Development Services:

- a. Pentagummies will provide Michael Reese with a web-based application that fulfills the high-level priorities seen below. As priorities get implemented there might be a loss of minor functions, starting with the least valuable.

## 2. Priorities:

- a. (High Level) Create a coach interface that has the ability to do the following:
  - i. To manage athletes accounts.
  - ii. Being able to create workouts and program.
  - iii. Being able to assign workouts and programs to athletes.
- b. (High Level) Create an interface that has the ability to do the following:
  - i. View their daily workouts.
  - ii. Input data in their daily workout.
- c. (Mid Level) Being able to track and display user data with graphs.
- d. (Mid Level) Modify the web based version of the user interface to a mobile application.

## 3. Communication

- a. Michael Reese agrees to keep members of Pentagummies updated on any changes which may affect their ability to deliver the agreed upon product.
- b. Members of Pentagummies agree to keep Michael Reese updated on any changes which may affect their ability to deliver the agreed upon product.
- c. Any changes to the product desired by either party must be agreed upon by the "Changes to Service" guidelines below.

## 4. Changes to Service:

- a. Michael Reese may request changes to the product by written notice to Pentagummies.
- b. Pentagummies may request changes to the product by written notice to Michael Reese.
- c. All changes must be accepted unanimously by Michael Reese and all members of Pentagummies before being accepted into this agreement.

## 5. Termination:

- a. **Acceptance and Rejection:** By the date of 05/01/19 Pentagummies will have delivered a product to Michael Reese. By the date of 05/03/19 Michael Reese will specify if the product meets his approval. After this date, the product will be considered "accepted", and this development agreement will be considered "terminated".

## 6. Warranty:

- a. Unless otherwise listed in this agreement, the software will be delivered "As-Is". Members of Pentagummies will not be liable for maintenance or updates after delivering the accepted product to Michael Reese.

Signature of this agreement signifies an agreement to the specifications and guidelines above.
